## 1 This is not the document you're looking for

**This is an entirely technical document. If you're not looking to contribute to Paperwork's code, this is not the document you're looking for.**

**This document assumes you're already familiar with Git, Python 3, and GitHub.**

- 
- 2 Please ask before doing
  - 3 Git branches
  - 4 Paperwork-backend / Paperwork-gui
  - 5 Dependencies and constraints
    - 5.1 GLib / GObject / GTK
    - 5.2 Pillow
    - 5.3 Whoosh
    - 5.4 PyOCR
    - 5.5 Pyinsane2, libsane, and scanner drivers
    - 5.6 Libpillowfight / pypillowfight
  - 6 Jobs / Schedulers
  - 7 Scan process
  - 8 Windows build
  - 9 Documentation
